

Left — IT ISN'T SO MUCH THE HEAT as the ponderosity of one "Fatty" Arbuckle, screen comedian plentiful, that has caused Roscoe to seek the floor near the bay window of his room in a Chicago hotel, and drape himself about a tub of ice while he quaffs copious quantities of chilled beverages.

IT LOOKS LIKE A REAL LINER, and it is, but only eight feet long, yet perfect in every detail—a model of the S. S. Australian, a passenger ship of the 90's, and one of a most unusual collection of a British model maker. A small electric motor provides the driving power while a compressed smoke tank further adds to the illusion.

ERNEST F. BIRMINGHAM — editor of The Fourth Estate, who convinced and excited the idea of the Harding "Editorial" chair recently presented to the President. Editors all over the country each contributed a dollar toward this unusual tribute.

whether for the growing child or the young voter,
is becoming a more vital matter every day.
Where is the best school, the best technical institu-
tion, the best camp? Where will my boy or girl
find the most wholesome atmosphere, the right kind
of instruction, the most responsible teachers? What
school offers me the special training I should take
advantage of?
